Europa Metals Ltd

("Europa Metals", the "Company" or the "Group") (AIM, AltX: EUZ)

Notice of General Meeting and Proposed Share Consolidation

Europa Metals, the European focused lead-zinc and silver developer, announces that it has today communicated to shareholders and submitted to ASIC details of a general meeting and associated material to be held at 11.00 a.m. (UK time) on 15 July 2020 via a Virtual Meeting Facility.

In light of the evolving COVID-19 situation and UK Government restrictions on public gatherings currently in place, the Directors have made a decision that there will not be a physical meeting where Shareholders can attend in person. Accordingly, the Directors strongly encourage all Shareholders to either lodge a directed proxy form/form of instruction or vote online prior to the Meeting or attend the Meeting virtually.

Shareholders who attend the Meeting virtually will be able to watch, listen, submit written questions and participate in all poll votes put to the Meeting. Shareholders who intend to participate virtually must notify and register with the Company in advance of the Meeting at the contact details set out in the Notice.

The current situation is evolving and the UK Government may change the current restrictions or implement further measures relating to the holding of public gatherings during the affected period. The Company will make any further announcement(s) that may be required in this regard by way of a regulatory information service and the Company's website.

All defined terms used in this announcement shall have the meanings given to them in the formal Notice of Meeting unless otherwise defined herein.

The full text of the Notice and accompanying explanatory statement is set out at the end of this announcement and is also available to download from the Company's website at www.europametals.com.

Further information on the Resolutions

The Resolutions set out in the Notice seek shareholder approval for, *inter alia*: (i) the consolidation of the Company's Shares on a 500 for 1 basis; (ii) certain amendments to the Company's Constitution; (iii) a new Incentive Plan; (iv) the issue of certain Incentive Options to the Directors; and (v) certain share capital authorities to enable the Directors to allot equity securities for non-cash and cash consideration purposes (via the disapplication of pre-emption rights pursuant to the amended Constitution).

There are two general factors underlying the Resolutions being put to Shareholders at the Meeting, which are as follows:

- To support the Company's ongoing cost reduction strategy; and
- To more closely align Europa Metals' corporate governance framework and Constitution with those of other AIM quoted companies following consultation with certain Shareholders and advisers.

AIM has, since the Company's removal from the official list of the ASX Limited on 8 March 2019, been the Company's primary listing. Since removal from the ASX and following feedback from Shareholders and consultation with the Company's advisers, the Board believes it appropriate to, *inter alia*, implement certain changes to the Company's Constitution to bring the Company into greater alignment with more UK market standard corporate governance practices. The proposed changes will afford shareholders the right to consider and pass resolutions on a regular basis with respect to the disapplication of pre-emption rights governing the Directors' share capital authorities, in a similar manner to most other AIM quoted companies. As part of its proposals, the Board also intends to implement a share consolidation in order to bring the total number of shares in issue more in line with AIM market norms and reduce volatility. In addition, further to a cost cutting programme already implemented by the Board at the beginning of the COVID-19 global health emergency, the Company is seeking to put in place a new share option plan to assist in incentivising its key personnel.

The Company also announces that, for the purposes of its financial year ending 30 June 2020, it will be adopting and applying the QCA Corporate Governance Code and reporting against it on a 'comply or explain' basis in the Corporate Governance Statement in its forthcoming 2020 Annual Report and Financial Statements, as required by AIM Rule 26.

Whilst remaining an Australian registered and domiciled company subject to all relevant regulations within such jurisdiction, the Company is proposing certain changes to update its Constitution following its removal from the ASX. These include pre-emption rights for Shareholders for any issue of new securities (as contained in the UK Companies Act), subject to certain exceptions where the Directors can dis-apply pre-emption rights such as, *inter alia*, with prior Shareholder approval (Resolution 2). Shareholder approval is sought at the Meeting to grant the Directors the general authority to issue Shares up to 25% of the Company's issued share capital as at the date of the Meeting for non-cash consideration purposes (Resolution 10) and, separately, to issue Shares up to a further 50% of the Company's issued share capital as at the date of the Notice of Meeting for cash consideration purposes (Resolution 11).

The Directors are also seeking Shareholder approval to consolidate the number of Shares in issue on a 500 for 1 basis (**Consolidation**). The Consolidation is being undertaken as the Company's Directors and advisers consider the number of Shares currently in issue to be considerably higher than the majority of companies of a similar size on AIM, which, when combined with the current share price of significantly less than 1 pence per Share, unduly affects investor perception of the Company and volatility in its share price. Following advice from its advisers on these factors, including a period of monitoring of movements in the Company's share price, it has been made clear that the Company should take steps to consolidate its Shares to a more appropriate level and ensure it benefits from the ongoing support of the AIM market.

Shareholders will have the same percentage interest in the Company following the Consolidation, but will hold fewer individual Shares, with each Share having a higher market value due to the total aggregate number of Shares in issue being less.

Set out below is a worked example assuming a Shareholder holds 5,000,110 pre-Consolidation Shares and the Company's pre-Consolidation share price is 0.02 pence (being the closing mid-market price of the Shares on AIM on 11 June 2020):

Number of pre-Consolidation Shares	Pre-Consolidation share price (pence)	Value of pre-Consolidation shareholding	500:1 Consolidation	Number of post-Consolidation Shares*	Post-Consolidation share price (pence)	Value of post-Consolidation shareholding
5,000,110	0.02	£1,000		10,000	10	£1,000

*Note: * - Pursuant to the terms of the Consolidation, fractions of Shares will be rounded down to the nearest whole Share.*

During 2020 the Board has implemented a cost reduction strategy which includes a 20% reduction in Directors' and senior managements' salaries and fees. The objective of this cost cutting exercise is to conserve the group's cash reserves, particularly during the current Coronavirus (COVID-19) pandemic whilst allowing the Company to retain its core operating team in Spain to continue with selected key work on the ground to progress the Company's wholly owned Toral lead, zinc and silver project. Consequently, and to reward and incentivise key personnel and further align the interests of management with those of Shareholders, Shareholder approval is sought for a new share option plan (Resolution 3) and to issue Incentive Options to the Directors (Resolutions 5 to 9).

Further information on the proposed Consolidation

The Notice sets out full details of the proposed Consolidation and the Resolution, to be put to Shareholders at the General Meeting, required to be passed in order to effect it.

The Directors are proposing that every 500 existing ordinary shares in the Company be consolidated into one new ordinary share in the Company ("**New Ordinary Shares**"). As at 11 June 2020, the Company had 16,722,209,651 existing ordinary shares ("**Existing Ordinary Shares**") in issue. Following the Consolidation, the Company is expected to have approximately 33,444,419 shares in issue (subject to amendment for fractional roundings). The New Ordinary Shares will continue to trade on AIM and AltX under the same ticker (EUZ) but will have a new ISIN: AU0000090060.

Options and warrants currently in issue will also be consolidated on a 500 for 1 basis and the exercise prices adjusted accordingly.

Following implementation of the Consolidation, Shareholders will still hold the same proportion of the Company's ordinary share capital as before the Consolidation and the New Ordinary

Shares will carry equivalent rights to the Existing Ordinary Shares.

Full details of the Consolidation, including the treatment of fractional holdings, are set out in the Notice and the accompanying explanatory statement.

The Directors are proposing the Consolidation as they consider the number of Shares currently in issue to be considerably higher than the majority of companies of a similar size on AIM, which, when combined with the current share price of significantly less than 1 pence per Share, unduly affects investor perception of the Company and volatility in its share price. Following advice from its advisers on these factors, including a period of monitoring of movements in the Company's share price, it has been made clear that the Company should take steps to consolidate its Shares to a more appropriate level and ensure it benefits from the ongoing support of the AIM market.

The Directors are also seeking Shareholder approval for Resolution 2 which proposes various changes to the Company's constitution, including, *inter alia*, proposing a new clause 24 which will allow the Company to direct the sale of unmarketable parcels of securities, with the proceeds of any sale to be paid to the relevant selling Shareholder and with no brokerage to be paid by that individual.

Resolution 4, which is subject to Shareholders approving Resolution 2 and the Company adopting the Proposed Constitution, proposes that such sale process will apply only to holdings of less than £1,000 following the Consolidation. If utilised by the Company in the future, it is intended to reduce administrative inefficiencies associated with such small shareholdings. Further information is set out in the explanatory statement.

The expected timetable for the Consolidation is set out below:

Overview

AIM has, since the Company's removal from the official list of the ASX Limited on 8 March 2019, been the Company's primary listing. Since removal from the ASX and following consultation with certain significant Shareholders and advisers, the Board believes it appropriate to, inter alia, implement certain changes to the Company's constitution to bring the Company into greater alignment with more UK market standard corporate governance practices and to undertake a share consolidation. In addition, the Company is seeking to put in place a new share option plan to assist in incentivising its key personnel whilst allowing for cost-reductions.

Accordingly, the Directors are seeking Shareholder approval (Resolution 1) to consolidate the number of Shares in issue on a 1 for 500 basis (the **Consolidation**). The Consolidation is being undertaken as the Company's Directors and advisers consider the number of Shares currently in issue to be considerably higher than the majority of companies of a similar size on AIM, which when combined with the current share price of significantly less than 1 pence per Share, unduly affects investor perception of the Company and volatility in its share price. Following advice from its advisers on these factors, including a period of monitoring of movements in the Company's share price, it has been made clear that the Company should take steps to consolidate its Shares to a more appropriate level and ensure it benefits from the ongoing support of the AIM market. The Company also wishes to notify Shareholders that, for the purposes of its financial year ending 30 June 2020, it will be adopting and applying the QCA Corporate Governance Code and reporting against it on a comply or explain basis in the Corporate Governance Statement in its forthcoming 2020 Annual Report and Financial Statements, as required by AIM Rule 26.

Whilst remaining an Australian registered and domiciled company subject to all relevant regulations within such jurisdiction, the Company is proposing certain changes to update its Constitution following its removal from the ASX. These include pre-emption rights for Shareholders for any issue of new securities (as contained in the UK Companies Act), subject to certain exceptions where the Directors can dis-apply pre-emption rights such as, inter alia, with prior Shareholder approval (Resolution 2). Shareholder approval is sought at the Meeting to grant the Directors the general authority to issue Shares up to 25% of the Company's issued share capital as at the date of the Meeting for non-cash consideration purposes (Resolution 10) and, separately, to issue Shares up to a further 50% of the Company's issued share capital as at the date of the Notice of Meeting for cash consideration purposes (Resolution 11).

During 2020 the Board has implemented a cost reduction strategy which includes a 20% reduction in Directors' and senior managements' salaries and fees. The objective of this cost cutting exercise is to conserve the group's cash reserves, particularly during the current Coronavirus (COVID-19) pandemic whilst allowing the Company to retain its core operating team in Spain to continue with selected key work on the ground to progress the Company's wholly owned Toral lead, zinc and silver project. Consequently, and to reward and incentivise key personnel and further align the interests of management with those of Shareholders, Shareholder approval is sought for a new share option plan (Resolution 3) and to issue Incentive Options to the Directors (Resolutions 5 to 9).

EXPLANATORY STATEMENT TO SHAREHOLDERS

INTRODUCTION

This Explanatory Statement has been prepared for the information of Shareholders in connection with the Resolutions to be considered at the General Meeting of the Shareholders of Europa Metals Ltd to be held by way of the Virtual Meeting Facility **on 15 July 2020 at 11.00 a.m. (UK time)**.

This Explanatory Statement should be read in conjunction with the accompanying Notice of Meeting.

The purpose of this Explanatory Statement is to provide information that the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. RESOLUTION 1: CONSOLIDATION OF SHARE CAPITAL

1.1 Background

The Directors are seeking Shareholder approval to consolidate the number of Shares in issue on a 1 for 500 basis (**Consolidation**). The Consolidation is being undertaken because the Company's Directors and advisers consider the number of Shares currently in issue to be considerably higher than the majority of companies of a similar size on AIM, which when combined with the current share price of significantly less than 1 pence per Share, unduly affects investor perception of the Company and volatility in its share price. The Directors believe that a reduction in the number of Shares on issue will create a higher price per Share, lead to an improvement in the Company's marketability, and bring its capital structure more in line with its AIM-quoted peers. The Company also wishes to notify Shareholders that, for the purposes of its financial year ending 30 June 2020, it will be adopting and applying the QCA Corporate Governance Code and reporting against it on a comply or explain basis in the Corporate Governance Statement in its forthcoming 2020 Annual Report and Financial Statements, as required by AIM Rule 26.

Shareholders will have the same percentage interest in the Company following the Consolidation, but will hold fewer individual Shares, with each Share having a higher market value due to the total aggregate number of Shares in issue being less.

1.2 Legal and regulatory requirements

Section 254H of the Corporations Act provides that a company may, by a resolution passed at a general meeting of shareholders, convert all or any of its shares into a larger or smaller number of shares.

The Company has various unquoted options (each to be issued Shares on exercise) on issue (**Options**). These Options were issued when the Company was listed on the ASX and accordingly contain contractual terms that require all rights of a holder of Options to be changed in a manner consistent with the ASX Listing Rules at the time of a share capital reconstruction (e.g. the proposed Consolidation). Whilst the Company is no longer listed on the ASX, the Company is obliged to comply with the contractual terms of the Options to consolidate them in accordance with the ASX Listing Rules, which require that the number of Options in issue be consolidated according to the same ratio as the ordinary share capital and the exercise price amended in an inverse proportion to that ratio.

The Company also has various unquoted warrants (each to be issued Shares on exercise) on issue (**Warrants**). The terms of the Warrants require that, upon any consolidation or sub-division of the ordinary shares before certain applicable dates, the number of Shares to be subscribed on any subsequent exercise of the subscription rights pertaining to the Warrants will be increased or, as the case may be, reduced in due proportion and the subscription price per Share will be adjusted accordingly.

1.3 Effect on the capital structure

If this Resolution is passed, the number of Shares, Options and Warrants in issue (including those to be issued, subject to Shareholder approval sought under this Notice of Meeting) will be reduced as follows:

Number	Number (post-Consolidation,
--------	--------------------------------

Shares	(pre-Consolidation)		subject to any amendment for fractions)	
Existing Shares in issue	16,722,209,651		33,444,419	

Options	(Pre-Consolidation)		(Post-Consolidation)	
	Number	Exercise Price	Number	Exercise Price
Exercisable on or before 22 May 2020	66,666,666	0.0750p	133,333	37.5p
Exercisable on or before 22 May 2021	10,000,000	0.0750p	20,000	37.5p
Exercisable on or before 22 May 2023	337,500,000	0.0575p	675,000	28.75p

In addition, Shareholders should note that should this Resolution and any combination or all of Resolutions 5 - 9 be passed, the Incentive Options to be issued will also be adjusted as follows (as applicable):

Resolution	Director	Number of Incentive Options (Pre-Consolidation)	Number of Incentive Options (Post-Consolidation)
Resolution 5	Laurence Read	350,000,000	700,000
Resolution 6	Myles Champion	350,000,000	700,000
Resolution 7	Colin Bird	150,000,000	300,000
Resolution 8	Evan Kirby	100,000,000	200,000
Resolution 9	Daniel Smith	50,000,000	100,000

Warrants	(Pre-Consolidation)		(Post-Consolidation)	
	Number	Exercise Price	Number	Exercise Price
Exercisable on or before 22 November 2020	235,249,929	0.0750p	470,499	37.5p
Exercisable on or before 10 October 2021	2,000,000,000	0.0375p	4,000,000	18.75p
Exercisable on or before 10 October 2022	240,000,000	0.0250p	480,000	12.5p
Exercisable on or before 30 April 2022	138,000,000	0.0250p	276,000	12.5p
Exercisable on or before 30 April 2022	2,666,666,666	0.0250p	5,333,333	12.5p

As the Consolidation applies equally to all Shareholders, individual Shareholdings will be reduced in the same ratio as the total number of Shares on issue (subject to rounding down to the nearest whole share).

The Consolidation will not result in any change to the rights and obligations of existing Shareholders.

The Consolidation will result in the Shares having a new ISIN and SEDOL as follows:

New ISIN: AU0000090060

New SEDOL: BM9G091

The Company does not have any unpaid securities on issue.

1.5 Fractional entitlements and taxation

Fractional entitlements, which will occur where a Shareholder holds an odd number of Shares that cannot be evenly divided by 500, will be rounded down to the nearest whole Share. For the information of SA Shareholders, a fraction rate will not be paid in accordance with the Company's Constitution and the Corporations Act.

Whilst the Company does not believe that there are any tax consequences as a result of the Consolidation, Shareholders are advised to seek their own advice. The Company does not accept any responsibility for any tax consequences for individuals as a result of the Consolidation.

1.6 Holding statements

After the Consolidation becomes effective, all holding statements for Shares will cease to have any effect, except as evidence of entitlement to a certain number of post-Consolidation Shares, and the Company will arrange for new holdings statements to be issued to holders of those securities.

It is the responsibility of each security holder to check the number of Shares held before and after implementation of the Consolidation.

1.7 Directors' recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 1. The Directors' recommendation is based on the reasons outlined in section 1.1 above.

2. RESOLUTION 2: AMENDMENTS TO THE COMPANY'S CONSTITUTION

2.1 General

AIM has been the Company's primary listing for approximately the last 14 months, following the Company's removal from the official list of the ASX Limited on 8 March 2019. Following consultation with certain significant Shareholders and advisers, the Board believes it appropriate to, *inter alia*, implement certain changes to the Company's Constitution to bring the Company into greater alignment with more UK market standard corporate governance practices.

Whilst remaining an Australian registered and domiciled company subject to all relevant regulations within such jurisdiction, Europa Metals is no longer governed by the Listing Rules of the ASX, including restrictions on the Directors' powers to issue securities. In order to more closely align the Company's Constitution with the articles of association or similar constitutional document of the majority of other issuers quoted on AIM, the Board considers it prudent to amend the Constitution (**Proposed Constitution**) with the material proposed amendments briefly summarised in section 2.2 below. These include pre-emption rights for Shareholders for any issue of new securities (a right that is contained in the UK Companies Act), subject to certain exceptions where the Directors can dis-apply pre-emption rights such as, *inter alia*, with prior Shareholder approval. Shareholder approval is sought at the Meeting to grant the Directors the general authority to issue Shares up to 25% of the Company's issued share capital as at the date of the Meeting for non-cash consideration purposes (Resolution 10) and, separately, to issue Shares up to a further 50% of the Company's issued share capital as at the date of the Notice of Meeting for cash consideration purposes (Resolution 11).

The General Meeting also provides an opportunity for the Company to make other amendments to its Constitution consistent with those typically found in the current constitutions of Australian public companies. Those amendments are also set out below.

Section 136(2) of the Corporations Act provides that a company can modify its constitution by special resolution. Resolution 2 is a special resolution and requires the approval of 75% of the votes cast by Shareholders present and eligible to vote (in person via the Virtual Meeting Facility, by proxy, via CREST or online or by attorney or, in the case of a corporate Shareholder, by a corporate representative).

A copy of the Proposed Constitution (showing the proposed amendments as tracked changes) is available for review by Shareholders on the Company's website at: <http://www.europametals.com>. A copy of the Proposed Constitution can also be sent to Shareholders upon request to the Company Secretary at +61 8 9486 4036 and +61 417 978 955. Shareholders are invited to contact the Company if they have any queries or concerns.

2.2 Summary of material proposed changes

Pre-emption Rights (new clauses 3.6, 3.7 and 3.8)

The Proposed Constitution contains certain pre-emption rights, which would have the effect that the Company cannot issue equity securities (save for an issue under an employee share or option scheme, or with prior Shareholder approval) unless:

- (a) the equity securities are offered first to all Shareholders (other than those with a registered address in a jurisdiction where it would not be reasonable to make an offer) on a pro-rata basis; or
- (b) Shareholders have given prior authority to the Board by ordinary resolution to issue equity securities for non-cash consideration up to a specified number, with such authority expiring no later than 12 calendar months after the date of the approval; or
- (c) Shareholders have given prior authority to the Board via a "Disapplication Resolution" (being a special resolution) to issue equity securities for cash up to a specified number, with such authority expiring no later than 12 calendar months after the date of passing the Disapplication Resolution.

Such pre-emption rights are contained in the UK Companies Act and are broadly consistent with market practice in the United Kingdom for small to mid-cap companies admitted to trading on AIM.

Recognition and disclosure of interests

The Corporations Act requires persons holding a relevant interest (broadly defined and including interests of associates) in a company listed on ASX to disclose that interest to ASX if the interest is 5% or more, and to disclose any changes of 1% or more. Following its delisting from ASX, Shareholders were no longer subject to that disclosure obligation.

To reflect UK market practice, the Proposed Constitution contains clauses which adopt Chapter 5 of the disclosure and transparency rules made by the Financial Conduct Authority of the United Kingdom under Part VI of the Financial Services and Markets Act 2000 (as amended) of the United Kingdom ("DTR 5"). The effect of DTR-5 is as follows:

- (a) Shareholders are required to notify the Company of the percentage of their voting rights if the percentage of voting rights which they hold as a Shareholder or through their direct or indirect holding of Shares reaches, exceeds or falls below 3%, 4%, 5%, 6%, 7%, 8%, 9%, 10%, and each 1% threshold thereafter up to 100% or reaches, exceeds or falls below any of these thresholds as a result of events changing the breakdown of voting rights.
- (b) The Directors have the power to require any Shareholder to disclose to the Company the identity

of any person other than the Shareholder who has any interest in the Shares held by the Member and the nature of such interest. The Proposed Constitution contains various sanctions for Shareholders who do not comply with a disclosure requirement, including not being able to vote, transfer or receive dividends with respect to the Shares the subject of the non-disclosure.

The proposed amendment does not affect Shareholder rights contained in the Corporations Act with respect to takeovers, including that (subject to certain exceptions) no person can acquire a relevant interest in 20% or more of the Company's Shares without making a takeover bid for all Shares.

Other amendments relating to the AIM quotation

The Proposed Constitution contains provisions to ensure compliance with the AIM Rules for Companies and the settlement rules relating to the electronic settlement system in the United Kingdom operated by Euroclear UK & Ireland Limited, which enables Shareholders to hold Shares in uncertificated form and transfer Shares electronically.

Unmarketable Parcels (new clause 24)

The Company's current Constitution does not provide for the sale of unmarketable parcels of securities. An 'unmarketable parcel' is a shareholding that, for a holder, may be difficult and/or expensive to sell (due to its small and uneconomic value). The administrative costs associated with shareholdings of this size can also be burdensome for a company, particularly of Europa's size. The Proposed Constitution provides that the relevant threshold for an unmarketable parcel is an amount determined from time to time by Shareholders by ordinary resolution at a general meeting. Following feedback from brokers and the Company's advisers, it is proposed that this amount will be £1,000 (see Resolution 4).

In order to reduce such administrative inefficiencies, clause 24 of the Proposed Constitution allows the Company to direct the sale of unmarketable parcels of securities, with the proceeds of any sale to be paid to that selling Shareholder and with no brokerage to be paid by that individual. Shareholders holding unmarketable parcels can object to the sale by, after the Company has given notice that unmarketable parcels will be sold, advising the Company in writing that they do not want their Shares to be sold.

Partial (proportional) takeover provisions (new clause 25)

A proportional takeover bid is a takeover bid where the offer made to each shareholder is only for a proportion of that shareholder's shares; with the risk that the bidder acquires control leaving shareholders holding shares as minorities.

As the Company is incorporated in Australia, the Corporations Act regulates takeovers. Section 648G of the Corporations Act allows a company's constitution to provide that a proportional takeover bid for Shares may only proceed after the bid has been approved by a meeting of Shareholders held in accordance with the terms set out in the Corporations Act. This limits a person's ability to make a proportionate bid for the Company and in doing so acquiring control without all Shareholders having an opportunity to accept a bid for their Shares.

This clause of the Proposed Constitution is common in Australian companies, and will cease to have effect on the third anniversary of the date of its adoption or the last renewal of the clause.

Information required by section 648G of the Corporations Act

Effect of proposed proportional takeover provisions

Where offers have been made under a proportional off-market bid for a class of securities in a company, the registration of a transfer giving effect to a contract resulting from the acceptance of an offer made under the bid is prohibited unless and until a resolution to approve the proportional off-market bid is passed.

Reasons for proportional takeover provisions

A proportional takeover bid may result in control of the Company changing without Shareholders having the opportunity to dispose of all their Shares. By making a partial bid, a bidder can obtain practical control of the Company by acquiring less than a majority interest. Shareholders are exposed to the risk of being left as a minority in the Company and the risk of the bidder being able to acquire control of the Company without payment of an adequate control premium. The proposed provision will allow Shareholders to decide whether a proportional takeover bid is acceptable in principle, and assist in ensuring that any partial bid is appropriately priced.

Knowledge of any acquisition proposals

As at the date of this Notice of Meeting, no Director is aware of any proposal by any person to acquire, or to increase the extent of, a substantial interest in the Company.

Potential advantages and disadvantages of proportional takeover provisions

The potential advantages of the proportional takeover provisions for Shareholders include:

- the right to decide by majority vote whether an offer under a proportional takeover bid should proceed;

- assisting in preventing Shareholders from being locked in as a minority;
- increasing the bargaining power of Shareholders which may assist in ensuring that any proportional takeover bid is adequately priced; and
- each individual Shareholder may better assess the likely outcome of the proportional takeover bid by knowing the view of the majority of Shareholders which may assist in deciding whether to accept or reject an offer under the takeover bid.

The potential disadvantages of the proportional takeover provisions for Shareholders include:

- proportional takeover bids may be discouraged;
- lost opportunity to sell a portion of their Shares at a premium; and
- the likelihood of a proportional takeover bid succeeding may be reduced.

General updates

Clauses that were outdated have been removed to simplify the document and minimise the need for updates in the event of any legislative or regulatory change. The provisions of the Constitution have been amended to reflect changes in terminology now contained in the Corporations Act and remove provisions and terminologies required under the ASX Listing Rules in connection with the Company's former listing on the ASX.

2.3 Inter-conditionality

Resolution 2 is conditional upon Shareholders approving Resolutions 10 and 11, and no changes will be made to the Constitution if those Resolutions are not approved.

2.4 Directors' Recommendation

The Directors unanimously recommend that Shareholders vote to approve Resolution 2, as the proposed amendments will: (i) ensure that the Company's constitution is more appropriate for an AIM-quoted company (with provisions consistent with those found for the majority of other companies quoted on AIM); (ii) is updated to ensure consistency with latest applicable Australian and UK laws and regulations; (iii) will facilitate unmarketable parcel sales; and (iv) will ensure that proportionate bids are conducted fairly for all Shareholders.

3. RESOLUTION 3: APPROVAL OF EUROPA METALS LTD'S INCENTIVE PLAN

3.1 Background

The Proposed Constitution provides that an exception to the limitation on issuing equity securities (including Options and Warrants) under Clause 3.6 of the Proposed Constitution are issues under an employee incentive plan (**Incentive Plan**). Whilst the Proposed Constitution and Corporations Act do not require that Shareholders approve an Incentive Plan, as a matter of good corporate governance the Board is seeking such approval under Resolution 3. This Resolution is subject to Shareholders approving the Proposed Constitution (Resolution 2).

The aim of the Incentive Plan is to allow the Board to assist eligible participants who, in the Board's opinion, are dedicated and will provide ongoing commitment and effort to the Company. Participants in the Incentive Plan may include full-time or permanent part-time employees of the Company or a related body corporate (which includes Directors, the Company Secretary and officers), or such other persons as the Board determines, including contractors of the Group (**Eligible Participants**).

The Incentive Plan is subject to the Corporations Act, including that financial benefits (including issues of securities under the Incentive Plan) issued to related parties require prior shareholder approval under Chapter 2E of the Corporations Act, unless an exception applies. See below for further information on Chapter 2E.

The Board believes that grants to Eligible Participants under the Incentive Plan will provide a powerful tool to underpin the Company's employment and engagement strategy, and that the implementation of the Incentive Plan will:

- enable the Company to recruit, incentivise and retain key personnel needed to achieve the Company's business objectives;
- link the reward of key personnel with the achievements of strategic goals and the long-term performance of the Company;
- align the financial interest of participants of the Incentive Plan with those of Shareholders; and
- provide incentives to participants of the Incentive Plan to focus on superior performance that creates Shareholder value.

The key features of the Incentive Plan are as follows:

- The Board will determine the number of Incentive Options (or Performance Rights as applicable) to be granted to Eligible Participants (or their nominees), the vesting conditions (if any) and expiry date of the Incentive Options at its sole discretion;

- (f) The Incentive Options, once granted, will not be transferable unless the Board determines otherwise or a transfer is required by law and provided that the transfer complies with the Corporations Act;
- (g) Subject to the Corporations Act and the AIM Rules for Companies and restrictions on reducing the rights of a holder of Incentive Options, the Board will have the power to amend the Incentive Plan as it sees fit.

A detailed overview of the terms of the Incentive Plan is attached in Annexure A. A copy of the Incentive Plan may be obtained by contacting the Company.

4. RESOLUTION 4: THRESHOLD FOR UNMARKETABLE PARCELS

Resolution 4 seeks Shareholder approval for a threshold for clause 24 of the Proposed Constitution (see section 2.2 above). Resolution 4 is subject to Shareholders approving Resolution 2 and the Company adopting the Proposed Constitution.

The proposed threshold of £1,000 was determined following advice from the Company's broker and others on the threshold at which it would not be cost effective for brokers to open accounts on behalf of Shareholders wishing to sell their Shares.

5. INTRODUCTION TO RESOLUTIONS 5 TO 9: GRANT OF INCENTIVE OPTIONS TO DIRECTORS

5.1 Background

The Company proposes to grant Incentive Options to the Directors of the Company: Laurence Read, Myles Campion, Colin Bird, Evan Kirby and Daniel Smith.

Through the grant of the Incentive Options, the Company will reward and incentivise Directors, whilst conserving cash, and align their interests with Shareholders.

5.2 Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of the company unless the giving of the financial benefit falls within one of the nominated exceptions or Shareholder approval is obtained prior to the giving of the financial benefit.

A "related party" for the purposes of the Corporations Act is defined broadly and includes a director of the company. "Financial Benefit" has a wide meaning and includes the issue of securities by a public company.

Section 195(4) of the Corporations Act provides that a director of a public company may not vote or be present during meetings of directors when matters in which that director holds a material personal interest are being considered, except in certain circumstances or unless non-interested directors pass a resolution approving the interested director's participation.

Given approval is being sought for the grant of Incentive Options to all Directors pursuant to Resolutions 5 to 9, each of the Directors (comprising the Board) having a material personal interest in the outcomes of Resolutions 5 to 9, a quorum could not be formed to consider the matters contemplated by Resolutions 5 to 9 at Board level. The Board therefore proposes to seek shareholder approval for such issues.

Accordingly, Resolutions 5 to 9 seek Shareholder approval under Chapter 2E of the Corporations Act for the respective grants of Incentive Options.

6. RESOLUTIONS 5 AND 6: GRANT OF INCENTIVE OPTIONS TO THE EXECUTIVE DIRECTORS

6.1 Introduction

The Company proposes to grant Incentive Options exercisable in three tranches under the terms and conditions set out in Annexure B of this Explanatory Statement and expiring on or before 3 years from the date of their grant to the Company's executive Directors, Mr Read and Mr Campion (or their nominees), as follows (on a post-Consolidation basis):

Executive	Total Incentive Options	Tranche 1	Tranche 2	Tranche 3
Laurence Read	700,000	150,000	400,000	150,000
Myles Campion	700,000	150,000	400,000	150,000

In the event that Resolution 1 is not passed, the number of Incentive Options will be adjusted as follows:

	Total			

Executive	Incentive Options	Tranche 1	Tranche 2	Tranche 3
Laurence Read	700,000	75,000,000	200,000,000	75,000,000
Myles Campion	350,000,000	75,000,000	200,000,000	75,000,000

Details of the individual tranches are as follows:

- (a) Tranche 1: exercisable at a 25% premium to the 30-day VWAP prior to the date of issue and expire on or before 3 years from the date of issue;
- (b) Tranche 2: exercisable at a 50% premium to the 30-day VWAP prior to the date of issue and expire on or before 3 years from the date of issue; and
- (c) Tranche 3: exercisable at a 75% premium to the 30-day VWAP prior to the date of issue and expire on or before 3 years from the date of issue.

Having regard to the significant roles that Mr Read and Mr Campion hold in respect of the development of the Company, the Directors (excluding Mr Read and Mr Campion) consider that the grant of Incentive Options to Mr Read and Mr Campion is an appropriate form of long-term incentive-based remuneration as:

- (d) the Incentive Options are a performance based incentive. Each executive Director will be incentivised to work towards achieving an increase in the market price of the Company's Shares which will thereby benefit all Shareholders;
- (e) the issue of Incentive Options is a non-cash form of remuneration, thus conserving the Company's cash, particularly in light of the current, extremely challenging, market/macroeconomic environment;
- (f) the potential future exercise of the Incentive Options will provide additional working capital for the Company at no significant cost. By way of an example, based on the indicative-only assumptions contained in 6.2(h), if all of the Incentive Options proposed to be issued pursuant to Resolutions 5 and 6 are exercised, an amount of £152,250 (A\$310,894) would be raised.

6.2 Information required by Chapter 2E of the Corporations Act

Pursuant to, and in accordance with the requirements of Chapter 2E, and in particular section 219 of the Corporations Act, the following information is provided for the purposes of obtaining Shareholder approval for Resolutions 5 and 6:

- (a) The related parties to whom a financial benefit is proposed to be given are:
Mr Read and Mr Campion (or their nominees), who are both executive Directors, hence related parties of the Company.
- (b) The nature of the financial benefit proposed to be given to Mr Read and Mr Campion:
The grant of, in aggregate, 1,400,000 (post-Consolidation) Incentive Options, the details of which are set out in section 6.1 above.
- (c) Reasons for giving the benefit:
The reason for giving the benefit is set out in section 6.1 above.
- (d) Directors' interests in the resolutions:
None of the Directors, other than Mr Read in respect of Resolution 5 and Mr Campion in respect of Resolution 6, have any interest in the outcome of Resolutions 5 and 6. If Resolution 5 is passed, Mr Read will be granted 700,000 (post-Consolidation) Incentive Options; If Resolution 6 is passed, Mr Campion will be granted 700,000 (post-Consolidation) Incentive Options.
- (e) Total remuneration package:
The remuneration packages for Mr Read and Mr Campion for the current and previous financial years are:

Director	Current financial year	2018/2019 financial year

Myles Campion	£94,641 (A\$193,257 ¹)	£88,386 (A\$180,484 ¹)

¹ Based on an exchange rate of £1:A\$2.0420 (Oanda.com - 3 April 2020).

(f) The existing relevant interests of the related parties in securities of the Company:

The securities currently held by Mr Read and Mr Campion (on a post-Consolidation basis assuming the passing of Resolution 1) and those that may be issued subject to Shareholder approval at the Meeting are set out in the table below:

Director	Existing Shares (post-Consolidation)	Existing Options (post-Consolidation)	Incentive Options (subject to passing of Resolutions 5 and 6)

	Shares (post-Consolidation subject to any amendment for fractions)
Shares currently in issue	33,444,419
Resolution 5: Incentive Options to be granted to Laurence Read	700,000

(h) The value of the financial benefit proposed to be given to Mr Read and Mr Campion:

These values have been calculated by BDO using a Black Scholes option pricing model for the Incentive Options. BDO made the following assumptions under the model:

- the Incentive Options do not have market vesting conditions attached and the exercise of the Incentive Options does not affect the value of the underlying asset;
- 3 April 2020 (**Valuation Date**) was adopted as the valuation date;
- 0.0145 pence, being the underlying share price on the Valuation Date, used as the input in the pricing model; the exercise prices, therefore, being 0.0181 pence for Tranche 1; 0.0218 pence for Tranche 2; and 0.0254 pence for Tranche 3, based on premia of 25%, 50% and 75% respectively to the input price (effectively mirroring the exercise price terms of the Incentive Options being granted to Mr Read and Mr Campion);
- the Incentive Options have effective lives of 3 years assuming an exercise date as the expiry date;
- a share price volatility of 120% based on the historical volatility of the Company's AIM quoted share price;
- the risk free rate of interest being the three-year United Kingdom Government Bond Rate of 0.114%; and
- a dividend yield of 0%.

Director	Number of Incentive Options (post-Consolidation)	Indicative Black Scholes value

Laurence Read	700,000	£30,750 (A\$62,791 ¹)
Myles Campion	700,000	£30,750 (A\$62,791 ¹)

¹ Based on an exchange rate of £1:A\$2.0420 (Oanda.com 3 April 2020).

(i) Other Information

There are no material opportunity costs and taxation consequences to the Company and no material benefits foregone by the Company in granting the Incentive Options to Mr Read and Mr Campion.

The Directors are not aware of any information, other than the information set out in this Explanatory Statement that would reasonably be required by Shareholders in order to decide whether or not it is in the Company's interests to pass Resolutions 5 and 6.

6.3 Directors' recommendation and basis of recommendation:

During 2020, the Board has been implementing a cost reduction strategy which includes a 20% reduction in the salaries and fees of all Directors and senior management. The objective of this cost cutting exercise is to conserve the group's cash reserves, particularly during the current Coronavirus (COVID-19) pandemic whilst allowing the Company to retain its core operating team in Spain to continue with select key work on the ground to progress the Company's wholly owned Toral lead, zinc and silver project. Consequently, a new share option plan is proposed to Shareholders (Resolution 3) and approval is sought to issue Incentive Options to the Directors (Resolutions 5 to 9) to reward and incentivise key personnel and further align the interests of management with those of Shareholders.

The Executive Directors abstain from making a recommendation to Shareholders in relation to Resolutions 5 and 6 as they have a personal interest in such resolutions.

The Non-Executive Directors have carefully considered the proposed grant of Incentive Options to Mr Read and Mr Campion, as well as their remuneration packages generally, and consider the grants to be an important component of Mr Read's and Mr Campion's remuneration packages. The Non-Executive Directors all recommend that Shareholders vote in favour of Resolutions 5 and 6 for the reasons set out in section 6.1 above.

The Chairman intends to exercise all undirected proxies **IN FAVOUR** of Resolutions 5 and 6.

7. RESOLUTIONS 7 TO 9: GRANT OF INCENTIVE OPTIONS TO THE NON-EXECUTIVE DIRECTORS

7.1 Details of the proposed grant of Incentive Options to the Non-Executive Directors

The Company proposes to grant Incentive Options to each of Colin Bird, Evan Kirby and Daniel Smith (the Non-Executive Directors) (or their nominees) as follows (on a post-Consolidation basis):

Non-Executive Director	Number of Incentive Options (post-Consolidation)
Colin Bird	300,000
Evan Kirby	200,000
Daniel Smith	100,000
Total	600,000

The Incentive Options will be granted under the terms and conditions set out in Annexure B of this Explanatory Statement. The exercise price and expiry date of the Incentive Options is set out in the table below:

Director	Number of Incentive Options (post-Consolidation)	Exercise price	Expiry date
Colin Bird	300,000	A 50% premium to the 30-day VWAP prior to the date of issue	3 years from issue
		A 50% premium to the 30-	

Evan Kirby	200,000	day VWAP prior to the date of issue	3 years from issue
Daniel Smith	100,000	A 50% premium to the 30-day VWAP prior to the date of issue	3 years from issue

In the event that Resolution 1 is not passed, the number of Incentive Options and exercise price will be adjusted as follows:

Director	Number of Incentive Options (pre-Consolidation)	Exercise price	Expiry date
Colin Bird	150,000,000	A 50% premium to the 30-day VWAP prior to the date of issue	3 years from issue
Evan Kirby	100,000,000	A 50% premium to the 30-day VWAP prior to the date of issue	3 years from issue
Daniel Smith	50,000,000	A 50% premium to the 30-day VWAP prior to the date of issue	3 years from issue

The grant of such Incentive Options forms part of the remuneration planning for such Non-Executive Directors. The Board considers that it is reasonable in the circumstances for the Non-Executive Directors to be offered the Incentive Options as part of their remuneration, given that:

- (a) the primary purpose of the grant of the Incentive Options to the Non-Executive Directors is to motivate their performance in their respective roles as Non-Executive Directors;
- (b) the issue of Incentive Options is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will enable the Company to spend a greater proportion of its cash reserves on its operations and working capital than it would if alternative cash forms of remuneration were given to the Non-Executive Directors;
- (c) the Incentive Options are a performance based incentive. The Non-Executive Directors will be incentivised to work towards achieving an increase in the market price of the Company's Shares which will thereby benefit all Shareholders;
- (d) the issue of Incentive Options is a non-cash form of remuneration, thus conserving the Company's cash, particularly in light of the current, extremely challenging, market/macro-economic environment.
- (e) The potential future exercise of the Incentive Options will provide additional working capital for the Company at no significant cost. By way of an example, based on the indicative-only assumptions contained in 7.2(h), if all of the Incentive Options proposed to be issued pursuant to Resolutions 7 to 9 are exercised, an amount of £65,250 (A\$133,240) would be raised.

Resolutions 7 to 9 seek Shareholder approval under Chapter 2E of the Corporations Act for the above proposed grant of Incentive Options.

7.2 Information required by Chapter 2E of the Corporations Act

Pursuant to, and in accordance with the requirements of Chapter 2E, and in particular with section 219, of the Corporations Act, the following information is provided for the purposes of obtaining Shareholder approval for Resolutions 7 to 9:

- (a) The related parties to whom a financial benefit is proposed to be given are:

Colin Bird, Evan Kirby and Daniel Smith (or their nominees), each of whom is a Non-Executive Director, hence a related party of the Company.
- (b) The nature of the financial benefit proposed to be given to each Non-Executive Director is:

The grant of Incentive Options with the details set out in section 7.1 above.
- (c) Reasons for giving the benefit:

The reason for giving the benefit is set out in section 7.1 above.
- (d) Directors' interest in the resolutions:

In the event that Resolutions 7 to 9 are passed, each of the Non-Executive Directors, Colin Bird,

Evan Kirby and Daniel Smith, will be granted the relevant number of Incentive Options set out in 7.1 above, the other Directors do not have any interest in Resolutions 7 to 9.

(e) Total remuneration package:

The total remuneration packages of the Non-Executive Directors for the current and previous financial years are as follows:

Non-Executive Director	Current financial year	2018/2019 financial year
Evan Kirby	£14,545 (A\$29,700 ¹)	£14,692 (A\$30,000 ¹)
Colin Bird	£36,426 (A\$74,382 ¹)	£31,778 (A\$64,891 ¹)
Daniel Smith	£9,598 (A\$19,600 ¹)	£11,753 (A\$24,000 ¹)

¹ Based on an exchange rate of £1:A\$2.0420 (Oanda.com - 3 April 2020).

(f) The existing relevant interest of the related parties in securities of the Company:

The securities currently held by the Non-Executive Directors (on a post-Consolidation basis assuming the passing of Resolution 1) are set out in the table below:

Director	Existing Shares (post-Consolidation)	Existing Options (post-Consolidation)	Incentive Options (subject to passing of Resolutions 7 to 9)
Colin Bird ¹	366,666	343,333	300,000
Evan Kirby	25,858	45,000	200,000
Daniel Smith	Nil	20,000	100,000

¹ Mr Bird also has an indirect interest in a further 130,499,858 Shares (pre-Consolidation) via his directorship of African Pioneer plc.

(g) Dilution:

The dilutive effect on Shareholders, if all Incentive Options are exercised (assuming no other convertible securities are exercised or Shares issued) will be 5.64%. Refer to section 6.2(g) above.

(h) Valuation of the financial benefit to be given to the Non-Executive Directors.

The values set out in the table below have been calculated by BDO using a Black Scholes option pricing model for the Incentive Options. BDO made the following assumptions under their model:

- the Incentive Options do not have market vesting conditions attached and the exercise of the Incentive Options does not affect the value of the underlying asset;
- 3 April 2020 was adopted as the Valuation Date;
- 0.0145 pence, being the underlying share price on the Valuation Date, was used as the input in the pricing model; the exercise price, therefore, being 0.0218 pence based on a premium of 50% to the input price (effectively mirroring the exercise price terms of the Incentive Options being granted to the Non-Executive Directors);
- the Options have effective lives of 3 years assuming an exercise date as the expiry date;
- a share price volatility of 120% based on the historical volatility of the Company's AIM quoted share price;
- the risk free rate of interest being the three-year United Kingdom Government Bond Rate of 0.114%; and
- a dividend yield of 0%.

Director	Number of Incentive Options (post-Consolidation)	Indicative Black Scholes valuation
Colin Bird	300,000	£13,500 (A\$27,567 ¹)

Evan Kirby	200,000	£9,000 (A\$18,378 ¹)
Daniel Smith	100,000	£4,500 (A\$9,189 ¹)

¹ Based on an exchange rate of £1: A\$2.0420 (Oanda.com - 3 April 2020).

(i) Other Information

There are no material opportunity costs and taxation consequences to the Company and no material benefits foregone by the Company in granting the Incentive Options to the Non-Executive Directors.

The Directors are not aware of any information, other than the information set out in this Explanatory Statement that would reasonably be required by Shareholders in order to decide whether or not it is in the Company's interests to pass Resolutions 7 to 9.

7.3 Directors' recommendation and basis of recommendation:

The Non-Executive Directors abstain from making a recommendation to Shareholders in relation to Resolutions 7 to 9 as they have a personal interest in such resolutions.

Mr Read and Mr Campion recommend that Shareholders vote in favour of Resolutions 7 to 9 for the reasons set out in section 7.1 above.

The Chairman intends to exercise all undirected proxies **IN FAVOUR** of Resolutions 7 to 9.

8. RESOLUTION 10: GENERAL AUTHORITY TO ALLOT SECURITIES FOR NON-CASH CONSIDERATION PURPOSES

8.1 Introduction

Pursuant to Resolution 10, the Directors be and are hereby generally and unconditionally authorised to exercise all the powers of the Company to allot shares in the Company and grant rights to subscribe for or to convert any security into shares in the Company up to 25% of the issued share capital of the Company as at the date of the Meeting for non-cash consideration purposes to such persons and at such times and on such terms and conditions as the Directors think proper. An authority given under Resolution 10 will expire at the earlier of the conclusion of the next annual general meeting of the Company and the date twelve (12) months from the date of passing of Resolution 10.

8.2 Clause 3.7(a) of the Company's Proposed Constitution

If Resolution 2 is passed and the Proposed Constitution is approved by Shareholders, then Clause 3.6 of the Proposed Constitution will contain certain pre-emption rights which require the Company to make an offer of shares to Shareholders *pro rata* to their existing holdings prior to offering shares to another person.

Clause 3.7(a) of the Proposed Constitution enables the issue of equity securities which are wholly paid up otherwise than in cash free of such Pre-emption Rights where this is approved by an Ordinary Resolution of the Company's Shareholders. Resolution 10 seeks, as an exception to the pre-emption rights under Clause 3.6 of the Proposed Constitution, Shareholder approval under Clause 3.7(a) of the Proposed Constitution to authorise the Directors to issue shares up to 25% of the issued share capital of the Company as at the date of the Meeting for non-cash consideration purposes.

By way of example, and using the issued share capital of the Company as at the date of this Notice of Meeting, approval to issue 25% of the Company's share capital pursuant to this Resolution would represent 4,180,552,412 Shares (on a pre-Consolidation basis).

In exercising their powers to issue shares under Resolution 10 for non-cash consideration, the Directors must act in good faith and in the best interests of the Company. Furthermore, any issue of equity securities to related parties is subject to Chapter 2E of the Corporations Act.

Resolution 10 is conditional upon Shareholders approving Resolution 2, and will not be effective if that Resolution is not approved.

8.3 Directors' recommendation and basis of recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 10 as it affords the Company the flexibility to potentially issue shares for non-cash consideration.

9. RESOLUTION 11: DISAPPLICATION OF PRE-EMPTION RIGHTS (AUTHORITY TO ALLOT SECURITIES FOR CASH CONSIDERATION PURPOSES)

9.1 Introduction

If the Proposed Constitution is approved by Shareholders, Clause 3.6 of the Proposed Constitution will contain certain pre-emption rights which require the Company to make an offer of shares to

Shareholders *pro rata* to their existing holdings before the Company may issue shares to another person.

9.2 Disapplication Resolution

Clause 3.8 of the Proposed Constitution sets out the process for a disapplication resolution under which the Company may resolve, by a special resolution, that the Directors are authorised to issue a maximum number of shares for cash without complying with the pre-emption rights in Clause 3.6 (a **Disapplication Resolution**).

Resolution 11 seeks Shareholder approval under Clause 3.8 of the Proposed Constitution to authorise the Directors to issue up to 50% of the Company's issued share capital as at the date of this Notice of Meeting without first offering them to all Shareholders of the Company on a *pro rata* basis, provided the conditions set out in this Resolution are met. An authority given under Resolution 11 will expire at the earlier of the conclusion of the next annual general meeting of the Company and the date twelve (12) months from the date of passing of Resolution 11.

By way of example, and using the issued share capital of the Company at the date of this Notice of Meeting, approval to issue 50% of the Company's share capital pursuant to this Resolution would represent 8,361,104,825 shares (on a pre-Consolidation basis).

The minimum issue price of shares issued under the authority approved by Resolution 11 is 80% of the 5 day VWAP of the Company's shares prior to the date the Company agrees to issue the shares. This formula was chosen as it reflects the Corporations Act and both allows flexibility in raising funds whilst protecting shareholders' interests.

9.3 Additional information

Resolution 11 is conditional upon Shareholders approving Resolution 2, and will not be effective if that Resolution is not approved.

Resolution 11 is proposed as a special resolution in accordance with Clause 3.8 of the Proposed Constitution. For a special resolution to be passed, at least 75% of the votes cast by Shareholders present and entitled to vote on the resolution must be in favour of the resolution.

9.4 Directors' recommendation and basis of recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 11 as whilst the Company is developing its assets and not generating revenue, it will give the Company additional flexibility in raising further capital as and when required.

12. Change of control

- (a) On a change of control event (which includes a takeover, merger or any person acquiring a relevant interest in more than 50% of the issued share capital in the Company and other similar events) the Board may, in its discretion, determine the manner in which any or all of a participant's Awards may be dealt with including in a manner that allows the participant to participate in and/or benefit from any transaction arising from or in connection with the change of control event.

- (b) The Board may specify in an invitation how a participant's Award will be treated on a change of control event, which may vary depending upon the circumstances of the change of control event.

14. Clawback provision

The Board may determine that any unvested Award and vested but unexercised Award (if exercise is required) will lapse if, in the Board's opinion, among other things:

- (a) the participant has acted fraudulently or dishonestly, engaged in gross misconduct, breached his or her duties or obligations (including where the participant's Award vests as a result of such conduct and the Board forms the opinion that the Award would not have otherwise vested); or
- (b) there is a material misstatement or omission in the financial statements of a Group company.

15. Governing Law

This incentive plan is governed by and shall be construed in accordance with the laws of Western Australia.
