The enclosed Proxy Form provides further details on voting entitlement, appointing proxies and lodging of proxy forms. If a Shareholder appoints a body corporate as its proxy and the body corporate wishes to appoint an individual as its representative, the body corporate should provide that person with a certificate or letter executed in accordance with the Corporations Act authorising him or her to act as that company's representative. United Kingdom (CREST Voting Instructions)

Holders of Depositary Interests in CREST may transmit voting instructions by utilising the CREST voting service in accordance with the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider, should refer to their CREST sponsor or voting service provider, who will be able to take appropriate action on their behalf.

In order for instructions made using the CREST voting service to be valid, the appropriate CREST message (a **CREST Voting Instruction**) must be properly authenticated in accordance with Euroclear's specifications and must contain the information required for such instructions, as described in the CREST Manual (available via www.euroclear.com/CREST).

For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the CREST Voting Instruction by the CREST applications host) from which the Company's agent is able to retrieve the CREST Voting Instruction by enquiry to CREST in the manner prescribed by CREST. Holders of Depositary Interests in CREST and, where applicable, their CREST sponsors or voting service providers should note that Euroclear does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the transmission of CREST Voting Instructions. It is the responsibility of the DI Holder concerned to take (or, if the DI Holder is a CREST personal member or sponsored member or has appointed a voting service provider, to procure that the CREST sponsor or voting service provider takes) such action as shall be necessary to ensure that a CREST Voting Instruction is transmitted by means of the CREST voting service by any particular time. In this regard, DI Holders and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

United Kingdom (Form of Instruction)

Alternatively, DI Holders can vote by completing, signing and returning the enclosed Form of Instruction to the Company's agent (identification number: 3RA50) no later than **11.00 a.m. (UK time) on 22 December 2022**.

EXPLANATORY STATEMENT TO SHAREHOLDERS

INTRODUCTION

This Explanatory Statement has been prepared for the information of Shareholders in connection with the Resolution to be considered at the General Meeting of the Shareholders of Europa Metals Ltd to be held at 11.00 a.m. (UK time) / 7.00 p.m. (AWST) on Friday, 30 December 2022 at the offices of The Ince Group PLC at Aldgate Tower, 2 Leaman Street, London E1 8QN.

This Explanatory Statement should be read in conjunction with the accompanying Notice of Meeting.

The purpose of this Explanatory Statement is to provide information that the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolution set out in the Notice.

1. RESOLUTION 1: APPROVAL OF THE PROPOSED TRANSACTION WITH DENARIUS

1.1 Background

On 23 November 2022, the Company announced that it had entered into a definitive option agreement (the **Option Agreement**) with Denarius Metals Corp. (TSXV: DSLV; OTCQB: DNRSF) (**Denarius**).

Pursuant to the Option Agreement, conditional on, *inter alia*, the approval of Europa Metals' shareholders, Denarius will have the right to acquire in two stages up to an 80 per cent. ownership interest in the Company's wholly owned Spanish subsidiary, Europa Metals Iberia S.L. (**EMI**), which holds the Toral Pb, Zn & Ag project (**Toral** or the **Toral Project**), located in the Province of Castilla y León, north-west Spain (**Proposed Transaction**).

1.2 Material terms of the Option Agreement and associated agreements

The Proposed Transaction involves the formation of a joint venture, via EMI, between Denarius and Europa Metals for the development of Toral, which covers both the project's existing and any expanded investigation permit area and potentially the adjacent historic Antonina Mine area, the former licence for which is currently terminated by the Junta de Castilla y León (the **Junta**). In return for funding certain expenditure on the project and consideration of up to, in aggregate,

US\$6,000,000, Denarius will be afforded the exclusive right to acquire up to an 80 per cent. interest in the Toral Project by way of a two-stage option arrangement.

Option Agreement

Pursuant to the Option Agreement, Denarius has accordingly been granted an initial option for a period of three years from the date of the Option Agreement (the **First Option Period**) to subscribe for 51 per cent. of EMI's share capital and a second option for a period of one year from the closing of the First Option (the **Second Option Period**) to potentially acquire an additional 29 per cent. of EMI's share capital (the **Second Option**) from Europa Metals.

First Option

The initial option granted to Denarius pursuant to the Option Agreement (the **First Option**) may be exercised by Denarius conditional on, *inter alia*:

- (i) it assuming operatorship and making expenditures on the Toral Project of US\$4,000,000; and
- (ii) the completion of a preliminary economic assessment (the **43-101 PEA**) on the Toral Project.

In each case, prior to the expiry of the First Option Period, failing which the First Option will lapse.

Denarius will advance the US\$4,000,000 by way of a loan (the **Loan**) to EMI (the **First Option Expenditure**) and on satisfaction of all of the conditions of the First Option, Denarius shall be entitled to capitalise the Loan up to the amount of the First Option Expenditure for the issue to it of 51 per cent. of the shares in EMI. In the event that the First Option is not exercised, Denarius shall be required to assign the loan to Europa Metals for US\$1.

Denarius will have the ability to extend the term of the First Option Period for a further 90 days if the 43-101 PEA is significantly advanced and Denarius continues to make commercially reasonable efforts to meet the conditions to exercise the First Option.

The First Option Expenditure shall be made in accordance with an agreed high level budget for the Toral Project which requires:

- (i) a minimum of US\$1,000,000 of the total of the First Option Expenditure to be spent prior to the first anniversary of the date of the Option Agreement, including in respect of a mining licence application in respect of the Toral Project to be submitted to the Junta by 31 July 2023;
- (ii) a minimum of US\$2,000,000 of the total of the First Option Expenditure to be spent prior to the second anniversary of the date of the Option Agreement; and
- (iii) the full amount of the First Option Expenditure to be spent prior to the third anniversary of the date of the Option Agreement (extendable by 90 days in certain circumstances).

Denarius shall advance US\$100,000 on the business day following the required shareholder approval being obtained and a further sum of, in aggregate, US\$550,000 in periodic payments at the discretion of Denarius.

Accordingly, the consideration to be received by the Company in respect of the First Option will all be utilised on expenditure to advance the Toral Project.

Second Option

The Second Option may be exercised by Denarius conditional on:

- (i) the exercise of the First Option;
- (ii) completion of a NI 43-101 compliant pre-feasibility study on the Toral Project at the cost of Denarius; and
- (iii) payment of US\$2,000,000 to Europa Metals in satisfaction of the exercise price for the Second Option (the **Second Option Exercise Price**).

In each case prior to the expiry of the Second Option Period. The US\$2,000,000 consideration receivable in respect of the Second Option, will be utilised to pursue the Company's stated growth strategy and provide additional working capital for the group.

In the event that only the First Option is exercised by Denarius, Denarius has undertaken to transfer to Europa Metals, upon request by Europa Metals, such number of shares in EMI representing two per cent. of the issued share capital such that the Company would own 51 per cent. of the issued share capital of EMI thereafter.

The Option Agreement contains representations, warranties and indemnities given by the Company and EMI to Denarius, in relation to title and capacity to the shares in EMI, legal title to the Toral Project and environmental, of the type commonly found in such agreements. Such representations, warranties and indemnities are repeated on exercise of the First Option and the Second Option. The Company's maximum aggregate liability under such warranties and indemnities is limited to an

amount equal to the aggregate of the First Option Expenditure and the Second Option Exercise Price (to the extent such amounts are expended).

In addition, the Option Agreement can be terminated by a party if the other party is in material breach of the terms of the Option Agreement. Denarius may terminate the Option Agreement at any time by providing the Company and EMI with at least sixty days' prior notice in writing.

The Option Agreement is governed by the laws of the Province of Ontario and the federal Laws of Canada.

Joint Venture Agreement and Shareholders' Agreement

On exercise of the First Option, the parties shall also enter into a joint venture agreement (the **JV Agreement**) and a shareholders' agreement (the **Shareholders' Agreement**). The JV Agreement sets out the terms of the appointment of the management committee to be established (the **Management Committee**) to determine the overall policies, objectives, procedures and actions in respect of the joint venture as regards its business including the Toral Project. The Management Committee shall initially consist of three representatives appointed by Denarius and one representative appointed by the Company. The board of directors of EMI shall reflect the decisions of the Management Committee in all respects.

A shareholder holding less than 50 per cent. of the issued share capital of EMI (a **Minority Shareholder**) shall have the right to appoint a representative to the Management Committee for such time as its shareholding in EMI does not fall below 10 per cent. Any shareholder holding more than 50 per cent. of the issued share capital of EMI (a **Majority Shareholder**) shall be entitled to appoint three representatives to the Management Committee and shall have the right to be appointed as operator.

The quorum for any meeting of the Management Committee shall consist of at least three representatives, one of whom must be a representative appointed by the Company (subject to it holding at least 10 per cent. of the issued share capital in EMI). Certain decisions of the Management Committee require the prior written consent of the Company and Denarius including, but not limited to:

- (a) creating, or permitting, any encumbrances over any assets comprising the Toral Project;
- (b) abandoning, selling or otherwise disposing of substantially all of the assets comprising the Toral Project or any material portion of it; or
- (c) relinquishing or altering the terms of the Toral permit(s) (other than in connection with a renewal of the Toral permit(s)).

The JV Agreement is governed by the laws of the Province of Ontario and the federal Laws of Canada.

The Shareholders' Agreement to be entered into between the Company, EMI and Denarius sets out certain obligations and requirements as to the management of EMI. The board of directors of EMI (the **EMI Board**) shall consist of four directors. A Majority Shareholder shall have the right to appoint three directors and a Minority Shareholder shall have the right to appoint one director. The quorum for meetings of the EMI Board must include one director appointed by the Minority Shareholder. EMI shall not issue any shares without the prior written consent of the Company and Denarius.

The Shareholders' Agreement is governed by Spanish law.

1.3 AIM Rules for Companies

In accordance with AIM Rule 15, the Proposed Transaction is deemed to constitute a fundamental change of business for the Company and therefore requires the approval of shareholders at a duly convened general meeting.

If Resolution 1 is duly approved by the Company's Shareholders, the Proposed Transaction will become unconditional and the first and second options will be exercisable subject to Denarius satisfying the requisite exercise conditions. The funding pursuant to the terms of the arrangements with Denarius will serve to substantially reduce the Company's operating costs in relation to its ongoing activities at Toral.

If Resolution 1 is not approved by the Company's Shareholders, the Proposed Transaction will not proceed and the Company will therefore continue to fund its operations at Toral in its own right.

1.4 Directors' recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 1. The Directors' recommendation is based on the benefits to the Company and reasoning outlined in sections 1.1 to 1.3 above.
